

Hello!

We are Kevin & Kelly. We appreciate you taking the time to consider us as a potential parents should you choose to pursue adoption. We can only imagine what a difficult decision this must be for you. Even though we haven't met, we have a great amount of respect and admiration for you. We are ready to give our unconditional love to another child and to expand our family again through the miracle of adoption! We hope this letter will give you a sense of who we are as a family and the lifestyle we live.

Kevin grew up in the state of Washington and love being outdoors as a kid. He enjoyed building tree forts & dirt biking. He learned responsibility at home by weeding the garden, chopping fireweed, and cleaning the chicken coop. He has fond memories of traveling with his parents and siblings on road trips, and it's a big reason he loves to travel. He loves to hike, hunt, and fish.

Kelly grew up in a small town in Minnesota. Her childhood was spent playing with siblings and helping around the home. Some of her fondest memories are baking cookies with her mom, jumping on the trampoline with her dad, and visiting her grandparents on Sundays. She loves to cook, travel and hike.

We have been blessed with all four of our children being adopted at birth. We have open adoptions with our children's birth families to the level they desire. Each relationship is a little different in nature, but all have been so cherished by us and our children. Lochlan (9) is energetic, loves excitement and new adventures. Danica (5) is gentle, sweet, and a little shy. Stella (3) is warm and loving, outgoing and silly. She loves to make people laugh. Roman has a very happy, gentle nature. He is always smiling and very social.

Quality time with our children and time with friends and family are some of the things that make our lives so special. While we have a busy home life, we try to keep a healthy balance between quality time as a family and time with friends. We often get together at parks or friends' homes, so the kids have play time. Our kids also enjoy quiet time at home reading books, playing games, helping cook and going on family walks.

All of us are excited to welcome another child into our home! We often talk and dream about having a new baby in our home. Your child will be surrounded by love from siblings, grandparents, aunts, uncles, and cousins. It is our desire to give this child the same loving and secure upbringing that we were both fortunate to have.

It is our belief that adoption is a precious gift of love, courage, and selflessness. Your child will be proud of their adoption story and know that you love them and want the very best for them. It is important that you know that your child will be loved and cherished. We would love to maintain an open relationship with you to whatever comfort level you have. Thank you for taking the time to learn more about us. We know you will make the best decision possible for your child. We wish you peace in the days ahead.

With love,

Kevin & Kelly
